AUTHOR

Author of "Betrayal", a documented non-fiction book about the representation of a client before Congress and the Department of Justice Inspector General relating to the Obama administration's operation Fast and Furious. In Fast and Furious, the Obama administration allowed approximately 2000 assault type weapons to be transported to the Mexican Cartels. These weapons have been used in hundreds, if not thousands, of murders. Hundreds of weapons are still in the hands of the cartels and some were used by ISIS terrorists. "Betrayal" was featured in the Fox Nation documentary "Outgunned: The Fast and Furious Scandal" which aired in February 2019. "Betrayal" is available on Amazon.com.
